Financial Controller – Falkland Islands

Description
Location: Falkland Islands (Relocation required)
Employment Type: Full-time, Permanent
Salary: Competitive + relocation support, housing allowance and benefits

Overview

We are seeking an experienced and hands-on Financial Controller to join a well-established organisation based in the Falkland Islands. This is a senior finance leadership role responsible for managing all financial operations, ensuring robust financial control, and supporting strategic decision-making in a unique international environment.

This is an excellent opportunity for a qualified finance professional looking for career progression, international experience, and a lifestyle change in a distinctive and rewarding location.

Responsibilities

Key Responsibilities

Financial Management & Reporting

- Lead the preparation of monthly management accounts, annual financial statements, and board reporting packs
- Ensure accuracy, integrity, and timeliness of financial reporting
- Manage budgeting, forecasting, and financial planning processes
- Monitor financial performance and provide analysis and commentary to senior leadership

Financial Control & Compliance

- Maintain strong financial controls and governance frameworks
- Ensure compliance with relevant accounting standards and local regulatory requirements
- Oversee audit processes and act as the primary point of contact for external auditors
- Manage tax, statutory reporting, and regulatory compliance
