

Group Financial Controller – Telford

Description

Group Financial Controller

Telford, Shropshire | Technology Group of Companies | Full-Time / Permanent

Salary: £80,000 – £95,000 + Bonus + Benefits + Hybrid Working

About the Group

We are an established and fast-evolving **technology group** headquartered in **Telford**, with multiple subsidiaries operating across the UK and internationally. Our portfolio spans **software development, managed services, and innovative tech solutions** tailored to a variety of industries including healthcare, manufacturing, and education.

As we scale and invest in our next phase of growth—through organic expansion and strategic acquisitions—we are seeking a commercially astute **Group Financial Controller** to lead our finance function with confidence, clarity, and control.

The Role

Reporting to the Group CFO and working closely with the board, the **Group Financial Controller** will oversee group-wide financial operations, compliance, reporting, and consolidation, while managing a growing team and partnering with operational leaders.

This is a high-impact role at the heart of group finance, offering a clear progression path to Finance Director for the right candidate.

Responsibilities

Key Responsibilities

- Lead the finance team across the group, ensuring consistent processes, controls, and reporting standards
- Manage group consolidation, statutory reporting, and annual audits for multiple entities
- Own the month-end and year-end close processes, delivering accurate and timely financials
- Oversee cash flow, working capital management, and treasury functions
- Implement and refine financial controls, systems, and ERP integration across entities

Hiring organization

Accountancy Capital
